

# SWCP2116

55.25" x 23.5" x 26.5" (H x W x D)

Dual-zone 116 bottle commercial wine cellar for built-in or freestanding use, with a glass door with seamless stainless steel trim, digital thermostat, full-extension shelving, and factory-installed lock

### Highlights:

Commercially approved design for reliable operation and easy cleanability

Seamless stainless steel trimmed glass door and LED lighting throughout the interior create an elegant presentation

Full-extension shelving on ball-bearing glides to roll out smoothly for easy loading

### Product Features:

|                                     |                                                                                                                                                                                                                                                                                               |
|-------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Commercially approved               | ETL-S listed to NSF-7 standards for use in restaurants, bars, and other foodservice settings                                                                                                                                                                                                  |
| Built-in capable                    | Front-breathing design allows the unit to be integrated with minimum clearance for a flush look (fits in spaces sized at 55.75" H x 23.88"W x 28" D)                                                                                                                                          |
| Double pane tempered glass door     | Provides a full display of the interior, with two levels of glass for added protection                                                                                                                                                                                                        |
| Seamless stainless steel door frame | Single-piece door trim offers a more deluxe look                                                                                                                                                                                                                                              |
| Two temperature zones               | Chill white wine in the upper zone while preserving your reds at a warmer temperature below                                                                                                                                                                                                   |
| Digital thermostat                  | Located inside the unit, the electronic thermostat allows easy temperature adjustment with a display in Celsius or Fahrenheit                                                                                                                                                                 |
| Full-extension wire shelving        | 10 shelves on ball-bearing glides glide out smoothly for easier loading and optimum capacity                                                                                                                                                                                                  |
| Stainless steel trimmed shelving    | Fronts feature a stainless steel accent to elevate your presentation                                                                                                                                                                                                                          |
| Versatile storage                   | Interior can hold up to 116 standard 750ml Bordeaux style bottles (11 bottles per shelf and 6 on the slotted floor). If storing wider Burgundy style bottles (typically used for Pinot Noir or Chardonnay), you can accommodate up to 86 bottles (8 per shelf and 6 on the the slotted floor) |
